

Cold Climate Grape IPM News

Lorraine P. Berkett, IPM Specialist

May 4, 2006

In Preparation for the Growing Season ...

As the grape buds swell and begin to open, it is a good time to make sure you are "up to speed" on the information you need to produce high quality grapes.

Below is a partial list of resources that may be helpful to you. Other resources are listed on the Cold Climate Grape Production "Links" webpage: <http://pss.uvm.edu/grape/Links/>

Happy Reading !

Partial List of Resources

Midwest Grape Production Guide, Bulletin 919-05 -- a comprehensive resource which includes information on site selection, cultivar selection, vineyard establishment, pruning and training, disease and insect management, wildlife management, soil management, fertilization, etc.

<http://ohioline.osu.edu/b919/index.html>

New York and Pennsylvania Pest Management Guidelines for Grapes -- excellent resource for background information on diseases, insects and weeds and options for management.

<http://ipmguidelines.org/grapes/>

NYS IPM Fact Sheets for Grape Diseases and Insects

<http://www.nysipm.cornell.edu/factsheets/grapes/>

New York State Grape Integrated Pest Management Homepage -- growing season observations and links to information

<http://lenewa.netsync.net/public/IPM/Home.htm>

Pest Management in the Vineyard - Michigan State University

<http://grapes.msu.edu/manage.htm>

Diagnosing Problems and Scouting Vineyards - Michigan State University - includes information on diagnosing disease, insect, physiological conditions and nutritional disorders

<http://grapes.msu.edu/id.htm>

Cultural Practices for a Healthy Vineyard - Michigan State University

<http://grapes.msu.edu/cultural.htm>

Organic Grape Production - from ATTRA

<http://attra.org/attra-pub/grape.html>

Organic Disease Management - Ohio State University

<http://www.oardc.ohio-state.edu/fruitpathology/organic/PDF/OSU-Organic-Grape-Diseases.pdf>

Vineyard Spraying

List of publications from Dr. Andrew Landers of Cornell University

<http://www.nysaes.cornell.edu/ent/faculty/landers/pestapp/grape.htm>

General Pesticide Safety Information

--**Pesticide Applicator Safety** - University of Missouri

<http://muextension.missouri.edu/explore/agguides/agengin/g01916.htm>

--**Tips on Laundering Clothes** and other information from Dr. Andrew Landers of Cornell University can be found at:

<http://www.nysaes.cornell.edu/ent/faculty/landers/pestapp/grape.htm>

Other Resources:

Northern Wineworks - book about growing grapes and making wines in cold climates

<http://www.northernwinework.com/>

Winery and Vineyard Feasibility Books - Ag Marketing Resource Center
<http://www.agmrc.org/agmrc/commodity/fruits/wine/wineryfeasibility.htm>

Economics -- Cost of Establishment and Production of Vinifera Grapes in the Finger Lakes Region of New York - 2004, Gerald White, Cornell University
<http://hortmgt.aem.cornell.edu/pdf/resources/eb2005-06.pdf>

Wine Videos - Ag Marketing Resource Center
<http://www.agmrc.org/agmrc/commodity/fruits/wine/winevideo.htm>
