

Perennial Garden Design Course Registration Form

Congratulations and thanks for deciding to sign up for this course! Please make sure you review the syllabus and requirements online (<http://pss.uvm.edu/ppp/perdesign/pgdindex.html>) if you haven't done so already, to make sure this is what you expect.

You may sign up for only the course for \$49. You will have up to a year to complete this course from time of signing up and receiving your access codes, at your own pace and time schedule. Upon successful completion of all parts of the course, receiving a passing grade (over 60%), you will receive a letter listing the main aspects covered in the course, and a certificate of completion.

If you would like to receive one credit from the University of Vermont, and are a student, contact me if questions, or register as usual. If you are not currently enrolled as a student, you will need to register directly through the UVM Continuing Education website (<http://learn.uvm.edu/focus/>) under Plant and Soil Science.

Please make checks payable to "Leonard Perry", and send to: Dr. Leonard Perry, Dept Plant and Soil Science, Jeffords Hall-- UVM, Burlington VT 05405. If you would like to pay by credit card, you may now do so through PayPal.com. If you are not already a member, it is easy and free to sign up, and quite secure. You may then send payment to me using the address lperry@zoo.uvm.edu.

Upon receipt of payment, you will then be emailed confirmation, further instructions and access code to get started if for the course. If any further questions, feel free to contact me at the above address, or at leonard.perry@uvm.edu.
