Getting Ready for the Course.....	5
SESSION I: Getting Started	7
LESSON I-1: Nutrient Management.....	8
LESSON I-2: Navigating the Course Binder.....	11
EXERCISE I-1: Farm Information Worksheet.....	12
LESSON I-3: Maps and Soil Fact Sheets.....	14
EXERCISE I-2: Map and Soil Fact Sheets Checklist.....	21
LESSON I-4: Soil Sampling.....	22
EXERCISE I-3: Soil Test Schedule.....	23
EXERCISE I-4: Organizing Your Soil Test Results.....	23
LESSON I-5: Soil Erosion, RUSLE2, and Choosing a Rotation.....	24
EXERCISE I-5: Choosing Rotations that Meet T.....	26
EXERCISE I-6: Field Inventory Worksheet.....	27
EXERCISE I-7: Manure Application Schedule.....	29
EXERCISE I-8: Checklist.....	30
SESSION II: Understanding Soil Nutrients	31
LESSON II-1: The Dirt on Soil.....	32
LESSON II-2: The Nitrogen Cycle.....	36
EXERCISE II-1: Calculating Nutrient Availability in Manure.....	40
LESSON II-3: The Phosphorus Cycle.....	48
LESSON II-4: The P-Index.....	52
EXERCISE II-2: P-Index Worksheet.....	53
EXERCISE II-5: Checklist.....	55

SESSION III: Managing Soil Nutrients	57
LESSON III-1: Managing the Plant and Soil Ecosystem	58
EXERCISE III-1: Farm Nutrient Balance.....	65
LESSON III-2: Potential Environmental Risks on Your Farm.....	67
EXERCISE III-2: Risk Assessment Worksheet.....	68
LESSON III-3: N- or P-Based Management and Manure Spreading Restrictions	70
EXERCISE III-3: Checklist	72
SESSION IV: Putting it All Together	73
LESSON IV-1: Understanding Potassium.....	74
LESSON IV-2: Secondary Nutrients and Micronutrients.....	77
LESSON IV-3: Understanding Nutrient Recommendations	80
EXERCISE IV-1: Field Plan Recommendation Worksheet.....	86
EXERCISE IV-2: Checklist.....	93
SESSION V: Future Success	95
LESSON V-1: Making Use of Your Plan	96
LESSON V-2: Recordkeeping.....	99
LESSON V-3: Reporting to State and Federal Agencies.....	101
LESSON V-4: Updating the Plan	103
EXERCISE V-1: Checklist	105
